

# ROBO-PRO Automatic Pool Cleaner

Let a robot take the hard work  
out of cleaning your pool

**Enjoy** more time in your pool than cleaning it **Spend** less on water bills  
**Improve** water quality **Reduce** workload on your filtration system

Cleaning your pool can be a time consuming exercise. In the commercial environment you have other more important tasks to attend to. The ROBO-PRO from Coombes Aquatics is an affordable automatic pool cleaner that offers all the features of other more expensive models.

The ROBO-PRO robotic pool cleaner is designed to enhance your pool cleaning experience. Simply place the robot in the pool, turn it on and it will clean the floor and walls automatically. The self contained filter bag means there is no need to clean your filter after the vacuum cycle is complete or prime a vacuum hose. Simply rinse the internal filter bag and you are ready for the next clean.

Ideal and affordable for commercial use in pools.

### Complete cleaning solution with unbeatable value!

The ROBO-PRO has been specifically designed to cope with the extra demands of the commercial aquatic environment. Suited for commercial pools. The ROBO-PRO will make sure your customers are enjoying a cleaner, safer pool while you enjoy the savings.

### Power and precision

The powerful twin drive motors give you exceptional maneuverability and climbing capability. The dedicated water pump provides a filtration rate of over 300 liters per minute. Combine this with the large intake gates, large capacity filter bag and systematic programming, the ROBO-PRO will economically and efficiently clean your pool and improve the quality of your water. With the added advantage of a hand held, full function remote control, you can even "target clean" problem areas immediately.

### Value for money

If you are considering investing in a robotic pool cleaner, don't you deserve the whole package? All robots in the ROBO-PRO range come standard with the remote control for targeted cleaning, twin drive motors suitable for all pool shapes, and a powerful water pump for outstanding climbing capability. The sponge wheels are suitable for all pool surfaces and a caddy makes for easy transportation and storage. To top it off the ROBO-PRO comes with a floor only option for that "quick clean" when you need the pool cleaned in a hurry.

### DIY Servicing

The savings don't end with the purchase price. The PRO is designed for DIY servicing. Using only basic tools from your tool kit, order the parts over the phone and perform the maintenance yourself.

### Safety

The ROBO-PRO by Coombes Aquatics Ltd complies with Australian and New Zealand electrical standards.
